

Update from the Shutes

Latvia, Lithuania, Estonia and Belarus

With Revival by Design being successfully launched in Riga, **Latvia**; we have seen God do many great things. Since July we have baptized 17 people and 14 people have received the gift of the Holy Ghost. Many have been healed including a young woman who was 7 months pregnant and HIV positive. Using the Revival by Design structure, we have been able to establish house churches in the cities of Riga and Pinki as well as a preaching point in the city of Balozi. Currently we have a main assembly Hall Church which meets weekly on Sundays bringing our small group house churches and Bible studies together for a time of celebration and demonstration in the Lord. Jelgava,

Latvia is our target city in the spring of 2012. We will be working with a team of AIMers who have committed to terms of three months to one year. We are still looking for those who would like to be part of the AIM Team to Latvia. If you are interested in AIM opportunities visit our website at www.aimforlatvia.weebly.com

In October we had the privilege of ministering at a Christian school in Talsi, **Latvia**. We were asked by the principle of the school to conduct a chapel service for a group of about 200 which consisted of the children and their parents. During our time there we were able to pray for the principle and she received healing in her body. She has invited us back and would like to discuss having us minister on a regular basis.

The churches in the country of **Belarus** are experiencing growth. God is continuing to bless and strengthen them.

A new church has been established in Tallinn, **Estonia**. At least 9 people have been baptized and filled with the Holy Ghost.

Revival is happening in **Lithuania** with over 40 people baptized and filled with the Holy Ghost.

A great and effectual door has been opened to us in the country of **Tajikistan**. The Apostolic Renewal Seminar held in Dushanbe, Tajikistan went very well. We found that most pastors who attended the Seminar already believed in Jesus' name baptism! Numerous people were healed and two were filled with the Holy Ghost. We have leaders and pastors committed to attending the Revival by Design Seminar in Bishkuk, Kyrgyzstan this winter; we also have open invitations from several sources to return. The Seminar will be used to launch RBD Centers into the CIS, bringing the light of truth into places in the former Soviet Union who still sit in darkness.
